COMPANY BROCHURE

PREFACE

CONSUMER AND PATIENT SAFETY IN FOCUS; LABELS MEETING HIGHEST STANDARDS.

Barbara Schilliger
CEO

During its more than 80 years of operation and continuous development, LANGE has gathered extensive Know-how in manufacturing all kinds of labelling products. High quality standards and reliability are of highest importance.

At LANGE, we apply a solution-oriented approach to put our clients' demand into practice, and to handle their orders efficiently complying with quality requirements. At the same time, we value the dialogue with customers and business partners, as a base for long-term relationships and cooperation.

Quality and security are of substancial importance, we set high expectations for ourselves, in order to meet your demands. For several years, we have been applying the Good Manufacturing Practice (GMP) system; through which we ensure our processes are based on consistent procedures this being the foundation of quality. We can proudly say our clients can benefit from professional consulting, direct communication and quick implementation of projects.

We are looking forward to working closely with you.

Kind regards
Barbara Schilliger

ABOUT US

WE GLADLY SUPPORT YOU IN FINDING COMPLETE AND DEDICATED SOLUTIONS IN LABELLING, PACKAGING AND DESIGN.

LANGE AG

Ever since our foundation in 1936, we have been taking care of manufacturing high-quality product, security and function labels. Thus every labelling solution relies on our long and profound experience.

We are one of the leading label manufacturers in the pharmaceutical sector, and our products meet the highest safety, hygienic and environmental standards.

Up to date technology and highly skilled dedicated professionals ensure continuing development of products and processes, striving for long-term partnership.

QUALIPRINT HOLDING AG

Qualiprint´s core business features various kinds of products in the wide range of printing, packaging and publishing sectors.

As a member of Qualiprint Holding, LANGE is part of a broad network of printing, design and converting experts who provide a wide range of products and services.

Our customers benefit from our wide knowledge base and profound industrial experience. Dedicated teams assist them in finding overall solutions for print and design – from project concept leading to the finished branded product.

OUR QUALITY

OUR UTMOST PRIORITY IS THE SATISFACTION OF OUR CLIENTS. WE STRIVE FOR THE HIGHEST QUALITY IN EVERY PROJECT.

With each and every order we receive, we set a higher standard when it comes to quality. Through process control in all areas of our company we ensure repeatable quality, outstanding performance and short lead time.

By meeting requirements of GMP and BRC/IoP Standards, we easily manage to fulfill high expectations of the pharma and food industry. We achieve complete product safety by means of complying with our defined processes and the above mentioned standards.

We make sure that we conform to these quality-related demands concerning incoming goods, manufacturing, transport and warehousing.

As a fair partner we value previously agreed conditions and highly appreciate inputs in order to constantly improve our products and services.

OUR SERVICES

OUR EXPERIENCED TEAM DEVELOPS LABELLING SOLUTIONS TO ENSURE OVERALL EQUIPMENT EFFECTIVENESS.

PRODUCT DEVELOPMENT

We welcome challenging projects and develop intelligent and unique solutions by keeping an open dialogue with our partners.

Based on your specific needs, our team of specialists will design product prototypes and provides for further evaluation.

Thus the selected product solution will be manufactured according to our highest level of quality standard.

LANGE HYGIENE MANAGEMENT

LANGE was the first label producer in Switzerland to be certified under stringent hygiene standards, BRC/IoP for the highly sensitive medical, pharmaceutical and food sector.

Our supply chain as well as our manufacturing process are under strict control of our hygenic regulations and are being constantly monitored closely.

HIGH SECURITY SOLUTIONS

We offer high security solutions by using built in special features. Visible or invisible elements can be integrated in materials, print or finishing according to your project requirements.

Manufacturing takes places in a fully protected and safe environment at our company, secure storage and transport solutions are available on request.

OUR CLIENTS

YOUR REQUIREMENT – OUR PASSION AND DAILY BUSINESS

If it comes to labelling high value products, LANGE feels comfortably at home:

- In the pharmaceutical sector, along with its hygienic and safety standards.
- Nicely decorated labelling applications in the luxury food sector such as spices, chocolate and more.
- With tailor-made solutions for brand products, and market performance for the retail, industry and services sectors.
- As promotion or information labels for example in the personal care and the watches sectors.

Pharmaceuticals
At our company, you will be able to find professional labelling solutions, where quality and safety are first priorities. We comply with the requirements concerning hygiene and quality, and we were the first label producers in Switzerland to be certified under the hygiene standards BRC/IoP. Furthermore we also fulfill the requirements of the GMP standard (ISO 15378:2017) and the QMS requirements according to the ISO 9001:2015 standard.

Cosmetics
By application of diverse enhancement technologies, such as hot foil stamping, we will make your labels look ever more high-end with an additional haptic and brilliant effect. The cosmetic product will turn into a real eye-catcher. We will make sure that your product stands out on the points of sale among your competitors, and has a dazzling appearance.

Food
Consumer-friendly declaration and uncomplicated handling shall be presented by applying an attractive design. A product can only stay on the market if it looks appealing on the shelves, and leaves a lasting impression. Thanks to our comprehensive technical opportunities, we can offer you food labels with recognition value tailored to the product and the message it strives to convene.

Watches
In the sector represented by watches individual labelling solutions are available for your products in all price segments. We provide everything for your labels that is necessary for a successful market presence: Strong-selling appearance at point of sale, lots of space for information and promotions, brand protection and high functionality. As a speciality, we create mini brochures to be used as means of brand maintenance, and self-adhesive labels to protect the watch glasses.

Industry/Automotive Industry
The fields of application of labels used in the industry are versatile and sophisticated. They shall withstand extreme circumstances, like high or cryogenic temperature and they shall still hold firmly. Besides meeting these requirements, we provide everything for your labels that is necessary for a successful market presence: appealing design, lots of space for information, brand protection and purposeful functionality.
